

PHONICS SCREENING CHECK

Results this year were typical for our setting with one pupil passing in year 1 and another 1 passing in year 2 (alongside the 3 who passed in year 1) another missing the pass mark by 1 mark. This is especially pleasing as we do not 'teach to the test'. Looking at the averages we can see that many pupils made huge leaps in phonics understanding beyond year 1. From this check, four pupils have been identified as having difficulties with phonics and have been put onto the intervention program for September. We have also been chosen as a school to take part in some phonics training and development for Middlesbrough. This will begin with training for all primary staff, selected secondary staff and intervention staff in September.
