

Hello Class 1KGe!!!

Hi everyone

Please keep checking this web page as I will update it regularly with new fun and exciting activities for you to do at home.

You all have my email so please get in touch if you need any help or support or have any questions - I will do my best to get back in touch with you as soon as possible.

In these coming weeks please work your way through the home learning pack that were sent home. They contain lots of ideas and worksheets as well as websites where skills can be practised. Also remember you will learn a lot from developing life skills such as cooking, gardening and tidying up!!

Remember our topic **"Urban Pioneers"** - you could research famous landmarks in the UK and around the world and make a leaflet or poster about it on PurpleMash - remember to save it with your name and date as I can see these from home!! You could also do some junk modelling to make a copy of one of these landmarks - get your parent/carer (or you!) to take a photo and email it to me so that I can see it!!

Hope to see you all soon - stay safe and keep in touch

Kendra
