

# VE Day Multiplication and Division Board Game

During the Second World War, board games were a popular form of entertainment. Games like draughts, chess and dominoes all helped to keep people's spirits up.

## How to Play

1. Take it in turns to roll the dice.
2. Move that number along the trail and find the answer to the question you land on.
  - a. If you get the answer wrong, you miss your next turn.
  - b. If you get the answer correct, you can have your next turn as normal.
3. The first person to reach the finish line wins.
