

Hi everyone!

Suggested work for 1KGu for week starting 1st June 2020

Writing

How are the owls related?

Which owl is about to take its first flight? How do you know?

How does the young owl feel about flying?

What might it be thinking?

Is the older owl worried?

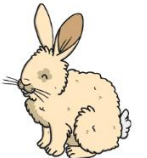

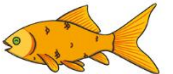

What advice might the older owl give to the younger one?

Think of the first time you did something new. How did you feel about it? What emotional journey did you go on? Plot your feelings on a graph.

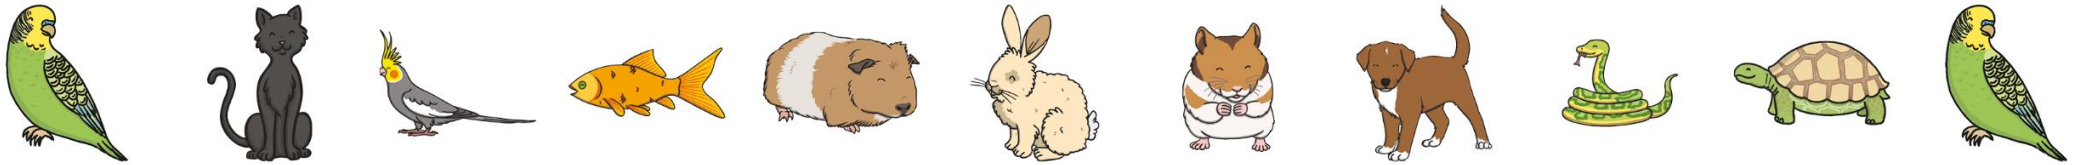

If trying new things is scary, does that mean you should never try them?

Reading

I have been reading a lot of books while we have been away from school – some with my little girl and some on my own. It's nice to hear about someone else's adventures.

Please read or listen to a story you can find online – there are lots – and you will find something that you'll enjoy!

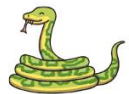

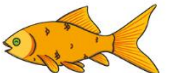

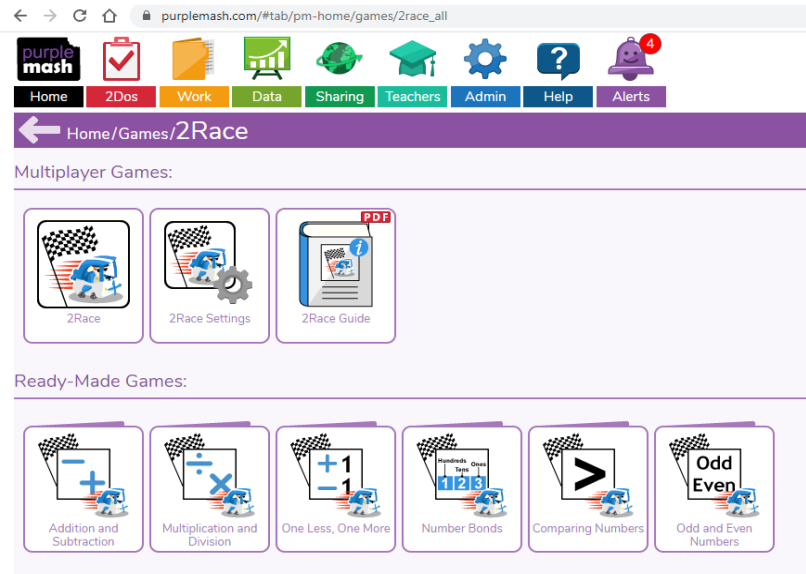

Maths

Check educationcity and purple mash for this week's focus – addition, subtraction, multiplication and division

On purple mash go to this screen and choose a ready made game.

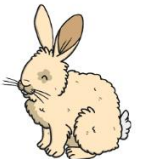

You can choose which 2race game to play – are you going to challenge yourself or take it easy? ...

Geography / R.E.

Check the links on our class page - are you up to date?
