

Hi everyone,

1KGu Suggested work for week starting 30th March

Outside

If you're able, go into your own garden or yard. What can you see? Make a list of at least 10 things you can see. Winner is someone who sends me the longest list or the list with the best descriptions of things they can see ...

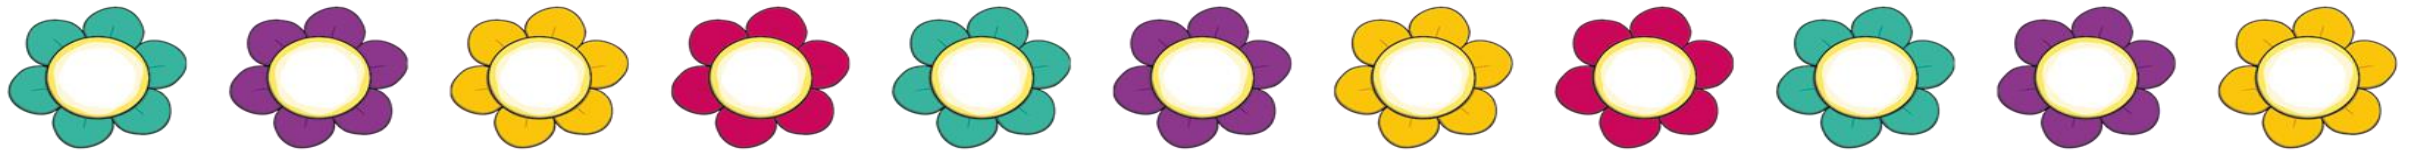

Draw me a map or plan of your garden ... what is out there? Remember I've not been to your house so I don't know. Don't assume because you know that I do too!

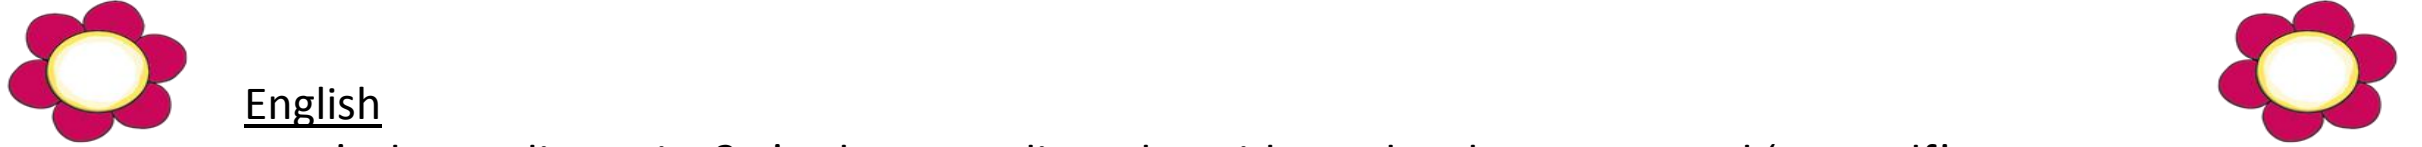

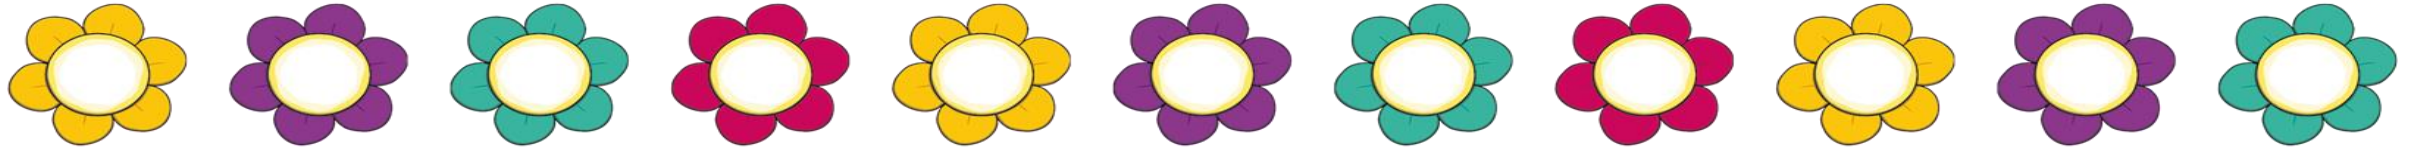

Maths

Do a page of your Spring maths activity book every day (Monday – Friday) AND an activity from education city. I've set up folders for you when you log in.

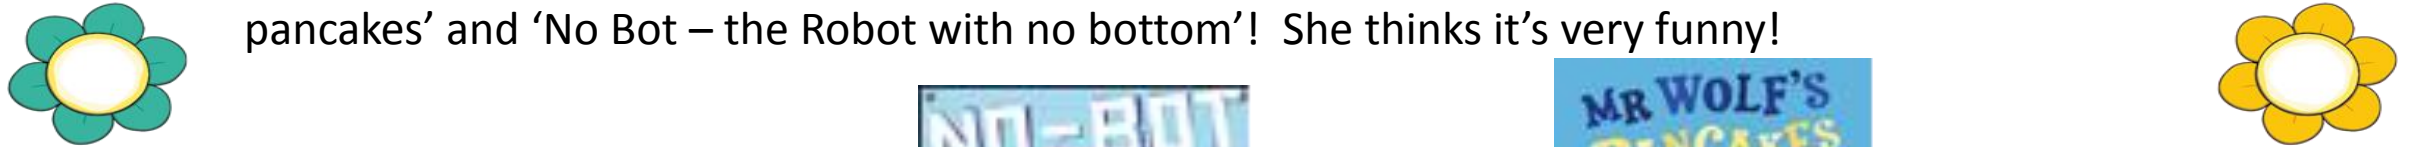

REMEMBER I can see what you have done ...

English

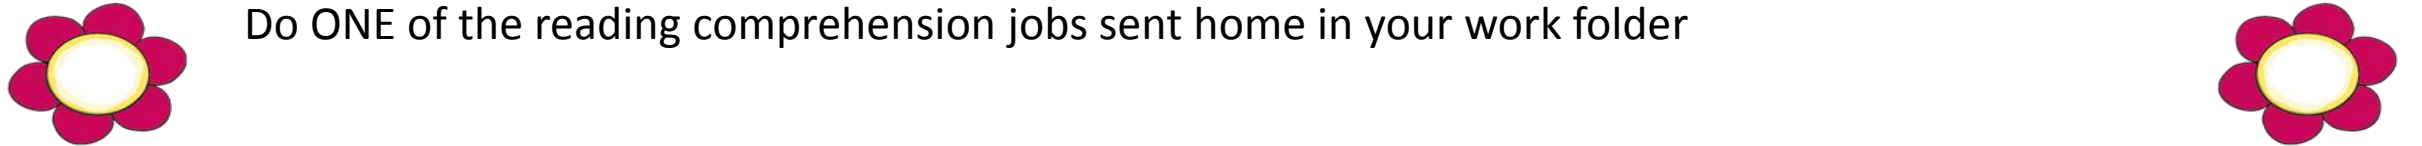

How's the reading going? I've been reading a lot with my daughter – we read 'Mr Wolf's pancakes' and 'No Bot – the Robot with no bottom'! She thinks it's very funny!

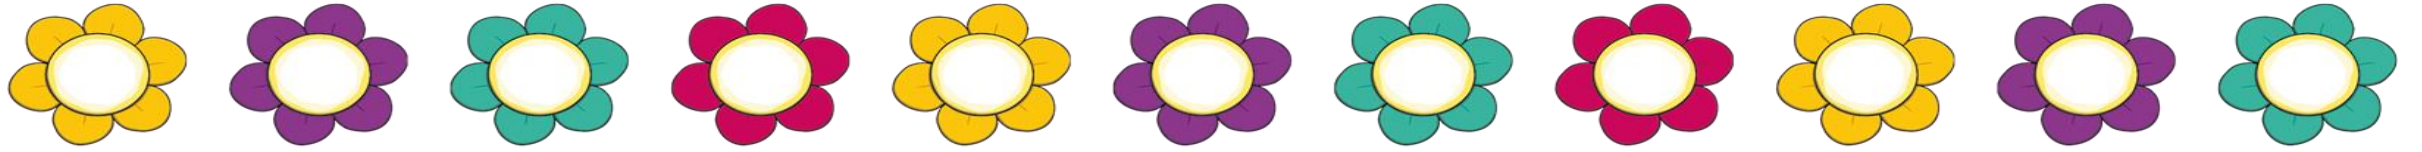

Have you read anything good?

Read at least 2 pages of a book EVERY day.

Do ONE of the reading comprehension jobs sent home in your work folder

Keep Moving!

I've been playing just dance on the wii and dance central on the xbox360 to keep moving in the house – and it's fun! What's your favourite song to dance to?!?

If dancing is not your thing try some of the activities Martin suggested or try the Joe Wicks activities online.

If you want to take any pictures of what you're doing or send any messages about ANYTHING please e-mail them using the address above. I look forward to hearing from you and seeing how you're getting on with our online activities.

Hope to see you all soon

Kerry 😊
